1924 of the Act

- 3. In addition to the amounts under item 2., the following monthly amounts are deducted from the remaining income of an institutionalized individual with a community spouse:
 - a. The monthly income allowance for the community spouse, calculated using the formula in §1924(d)(2), is the amount by which the maintenance needs standard exceeds the community spouse's income. The maintenance needs standard cannot exceed the maximum prescribed in §1924 (d)(3)(C). The maintenance needs standard consists of a poverty level component plus an excess shelter allowance.

The poverty level component is calculated using the applicable percentage (set out §1924(d)(3)(B) of the Act) of the official poverty level.

The poverty level component is calculated using a percentage greater than the applicable percentage, equal to 200 %, of the official poverty level (still subject to maximum maintenance needs standard).

The maintenance needs standard for all community spouses is set at the maximum permitted by §1924(d)(3)(C).

Except that, when applicable, the State will set the community spouse's monthly income allowance at the amount by which exceptional maintenance needs, established at a fair hearing, exceed the community spouse's income, or at the amount of any court-ordered support.
